JUSTIFICATION THROUGH FAITH

- Justification only comes apart from the law
- Justification is made possible in the sacrificial death of Christ alone; it is based only on the shed blood of Christ.
- Justification is by grace alone as the free gift of God bestowed on those who receive by faith the sacrifice of Jesus Christ.
- Justification can only be received by faith alone in the sacrifice of Jesus Christ.
- Justification demonstrates the righteousness of God.
- Justification is totally the work of God which satisfies His justice. Therefore, He is both the just and the justifier.
